Ratio was respected.</p> <p>The Quality Assurance Monitor verified: -Staff member records include -Indoor play area materials and equipment</p> <p>The Quality Assurance Monitor observed children gathered with the educator discussing their weekend and having snack. The Quality Assurance Monitor also observed children having the option of free play or making a Christmas craft that the educators had laid out for the children.</p> <p>The Quality Assurance Monitor observed children going to their cubbies without the educator being notified of their whereabouts. As the children's cubbies are located next to an emergency exit door, this poses a risk. Operator must ensure adequate supervision.</p>
