9(1) The child-to-staff ratio is one educator for each of the following groups of children of the same age receiving services at a full-time or part-time early learning and childcare centre: (a) three infants or fewer; (b) five children or fewer who are two years of age; (c) eight children or fewer who are three years of age; (d) ten children or fewer who are four years of age or older, but who are not yet attending school; and (e) 15 school-age children or fewer.	9(1)	Aug 26, 2025	Aug 26, 2025
<p>Comments: Although there were enough staff members present to meet the required child-to-educator ratio, the educators were not consistently aware of the exact number of children in their care.</p> <p>Upon arrival, the Quality Assurance Monitor observed that all children were present under the other license. When asked to divide the group, the educator confirmed that 19 children were being transferred to the current license. The Quality Assurance Monitor proceeded to count the children and noted that only 18 were accounted for.</p> <p>The educator reviewed the attendance list and recounted the children, at which point it was discovered that one child had not yet transitioned to the appropriate license. The educator immediately located the child and brought them to the correct room.</p> <p>Deficiency is now compliant</p>
