39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Sep 18, 2020	
Comments: Toxic cleaning products being stored in a cabinet in the rooms not locked using a CSA-approved lock or by lock and key.			

<p>General Comments</p> <p>This facility is observed to have COVID-19 protocols in place. Bubble groupings have been established and are being maintained while ensuring each group is distancing appropriately inside as well as in the outdoor play environment. Minor adjustments have been made to the daily routine to allow for a better flow of activity and transitions. The children are continuing to learn the routine based on COVID-19 restrictions. Educators were very attentive to the actions of children in their groups.</p> <p>The children report being happy to be back with their peers and enjoyed engaging within the different interests centers. A great deal of chatter was heard amongst small groups of children playing with one another.</p> <p>Discussed documented programming with educators and possibilities for what this can look like during the COVID-19 recovery phase.</p> <p>Handwashing observed during inspection.</p> <p>A balance of indoor and outdoor play. The children in one bubble group were excited about a new fort they are making at the edge of the woods!</p>
