General Comments
<p>A renewal inspection occurred today. The children were observed in both inside and outside play. They were observed creating art, playing in the gym, building and creating with blocks, having snack, playing soccer and basketball. They were also observed playing on the school's climbing equipment and hanging out with their peers.</p> <p>There is a wide variety of materials for the children to interact and engage with and enough so that the children do not have to wait until their peers are completed to engage in their activity of choice.</p> <p>Educators were observed having respectful and meaningful conversations and interactions with the children in their care.</p>
