General Comments

A Monitoring Inspection was conducted this afternoon. 4 groups of school aged children were observed.

Outside - Children were observed playing soccer and playing on the school's playground.

Gym - Children were observed building towers with pylons, bouncing / sitting on big balls, and playing basketball. Positive child guidance techniques were observed - educator offering choices and assisting the children in decision making, educator using positive language when interacting with the children, educator respecting the children's feelings, educator redirecting negative energy, and educator reflecting with children on incidents by helping them understand the consequences to their actions and words.

Room 144 - Children were observed drawing comics, building with blocks, playing with dolls and the play kitchen, and playing Connect 4.

Room 145 - Children were observed playing Monopoly, building with blocks, playing with tiny animal / people figurines, and playing Guess Who.

Both classrooms were set up with several well-defined learning / play centers - dramatic play, reading, building, science, arts and crafts, etc. Both rooms contained several forms of documentations - children's artwork, photos, and learning stories. The parent board was observed and all required documentation was present.
