General Comments
<p>The center is clean and has a variety of materials for the children. It appears that it is an active program and there are a variety of activities planned for the children. During my visit, some of the children were playing outside and some were helping with the snack preparation. The children appeared comfortable in the space and I saw positive child guidance and genuine care and concern by the educators.</p> <p>Please update the staff signed statements to include the Early Childhood Services Act and Licencing Regulations. Also, please let me know when the climbing structure is ready and has protective surfacing.</p>
