Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>The gym is set up for learning centres for the older school age children; grades 3 to 5. There are currently 15 enrolled in this facility and 10 were present today. The children were mainly interested in two activities. Some of the children were doing gymnastics while the others were building with the interlocking blocks.</p> <p>The children seem to have a good relationship with the educator. They were seen having conversation and the educator took interest in what the children were doing.</p> <p>The children having been making masks and figurines out of cardboard boxes and these were put on display on a shelf in the classroom. The educator for the older children stated that the next project is to make a Christmas tree. Licensing staff advised Operator to have the educators write these projects and crafts down on a pre-planned calendar or in a planning book. They are well thought out and express the creativity of the children.</p> <p>All documentation was easily verified for licensing purposes. Licensing staff can now recommend facility for licensing.</p>
