General Comments			
A renewal inspection occurred today. All educators were observed using positive communication and engagement with each child. Each environment was inspiring and invite engagement of all senses. Environments were supportive of different modes of communication to represent children's thinking and understanding. Documentation represented children's ongoing group project work and individual work in progress. Educators were observed asking open-ended questions, waiting patiently and respectfully for children's responses and listened carefully to each child's response. Multiple forms of documentation were used to acknowledge and value children's relationships with people, places and things. All checks were complete. All staff files were reviewed and a random review of children's files were reviewed and complete.
