Comments: Planning for December is not available. The children's portfolio is handed in at the end of each month. No observations possible. Discussion to keep portfolios for 3 months instead of one and not to throw away activity plans or children's observations. Waiting for the end of January to double-check this requirement.			

General Comments
During my visit in the morning, the daycare meets the requirements of the Early Childhood Services Act and New Brunswick regulation according to the ratio, the posted in a visible and prominent place in the facility and the access to a licensed facility (observe). The children don't go outside during my visit, most of them are not present.
