**General Comments**

Educators were observed being attentive and playing with the children during time of inspection. They were observed providing gentles reminders to the children when need be. They were also observed ensuring they got down to the children's level when speaking with them.

When the children wanted to play a game, educators were observed ensuring everyone who had an idea of what game to play got a chance to share with the group. Once everyone had a chance to share, educators provided the children with a chance to vote on what game they would play first. A favorite appeared to be a game called "Graveyard", the children (and educators) appeared to really enjoy this game!

All child files that were observed today were in compliance with licensing regulations.

All administrative records that were observed today were in compliance with licensing regulations.

Please ensure that handwashing procedures are posted next to all handwashing sinks throughout the facility.
