

## Early Learning and Childcare Facility Inspection Report

Type of Inspection:  
Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

Name of operator Go-Go Group Inc.	Licence Number 2017529	Inspection Date September 26, 2023	
Facility Name Go-Go After School Main Street		Telephone Number (506) 455-5496	
Address 87 Main Street Fredericton NB E3A 1C2			
Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

There are two groups of children who attend this license. One group uses a Go-Go school bus to arrive at the centre, while the second can walk to the facility from school.

Observed educators walking over the school to pick children up. Educators were observed doing a head count to ensure all children were present before walking over to the facility.

When the school bus arrived, one educator was observed helping the children off the bus while the other was holding the door to the facility open for children to enter. When all children were believed to be off the bus, the educator who was helping the children off the bus was observed entering the bus to ensure everyone got off the bus.

The first group of children were observed staying inside when they arrived from school. They were observed doing circle time where everyone was sharing the highlight of their day at school (or an activity they did last night).

The second group of children went outside to play once they arrived from school. This group of children had a guest speaker come and share with them about the Chinese culture.

Observed an educator verifying an individual's ID when they came to pick up a child. Educator also ensured that the individual was on the approved pick-up list.

A reminder that two licenses cannot occupy the same fenced in outside play space at the same time. Until construction is completed on the third outside play space, it is recommended that a schedule be made to ensure both licenses are not in the same space together and to ensure that all children get the required outside play time as per regulation. Another option could be that children on the second license use the outside play space located at the school across the road.
