General Comments
<p>When I arrived, the children and the Educators were engaged in a song with the rhythm sticks. Afterwards the kids went downstairs, got their snowsuits on and went outside for the last 30 minutes of the day. The Educators were engaged with the children outside and played with them.</p> <p>At around 2:45 the afterschool children arrived. They were directed to wash their hands upon arrival and then went upstairs. The children did free play and picked their own toys/activities. Sarah was engaged with the children and joined in their activities. I observed lots of positive interaction between Sarah and the children.</p> <p>The facility has all the regulations in place for covid-19 and I also observed them cleaning between the two groups.</p> <p>The facility was in compliance on the day of my visit and I recommend for licensing.</p>
