<p>General Comments</p> <p>When I arrived, the educators were sitting at the table doing puzzles with some children and two other children were in the reading nook area. The children had snack and then they all went into the reading nook and one educator sat with them and read them a book. They then played with toys did a learning activity with the calendar, did arts and crafts, and ended with dancing.</p> <p>At 2:40 the after-school children arrived and engaged in activities of their choice.</p> <p>The centre is bright with lots of natural lights, clean and well organised. The play area is divided in different play sections and there is lots of materials to meet the children interests and learning needs.</p> <p>Each child has a learning binder and journal where learning activities are documented and there is also some learning activities on the walls.</p> <p>The educators are engaged, polite and respectful when talking to the children. They were observed talking to the children at their level, providing positive reinforcement such as compliments, acknowledging achievements, encouraging words and gentle reminders.</p> <p>Everything is in compliance today; I recommend for renewal.</p>
