<p>General Comments</p> <p>The center has a variety of materials and activities for the children. Each classroom had children's work displayed on the walls. I observed positive child guidance techniques such as gentle reminders and encouragement. The staff and child files were organized and contained all necessary information. Everything was in compliance during my visit and I recommend for licencing.</p> <p>As discussed, please replace the change mat in the infant room, as there is a rip in it.</p>
