General Comments
<p>During my visit, I spent some time in each room. I am seeing positive changes in the rooms. They are all set up well, they have children's art and work on the walls, and there are learning stories in the entryway so parents can see what their children have been doing. I observed sufficient materials in each classroom, and the children partake in a variety of activities. I also observed items set out in the classrooms as invitations to play. I observed children and educators making forts, having a dance party, playing with sensory bins and water tables. I also observed positive child guidance by each of the educators. There was lots of care and kindness shown, as well as gentle reminders, redirection, and appropriate use of humor. The educators were actively involved in activities with the children.</p> <p>I looked at staff and child files. The files are well organized and contain all necessary documentation. Please remember to update medicare expiry numbers before they expire. The center appears to be running well.</p>
