Address 192 Broadway St Woodstock NB E7M 6B3			
Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

As I visited each classroom, the environments were calm and inviting. The educators have set up the environments in a way that the children can easily move from learning centre to learning centre. They are well defined offering a variety of materials to the children.

All educators are using a planner to document ideas for programming. The documentation of the children's learning has been displayed in the form of learning stories and pictures. These have been posted throughout the facility.

Documentation was easily verified for licensing purposes. Daily information sheets are kept up to date for the infants and are filled in as the day progresses. Potential illness forms are being used, filled out properly and signed by the parents. Medication records are being used as required and are stored properly.

The infants bottles are labelled seperately, stored in the fridge covered and educators bottle feed these babies by holding them. The educators informed licensing staff that the infants are never laid down to drink their bottles.

Licensing staff observed diaper changing in the infant's room. The diaper changing procedures are being followed and the educators appeared engaged with the child as they changed them. They spoke in a soft caring voice as they completed the diaper changing procedure.

Educators are very kind and caring with the children. They give gentle reminders. speak to the children at their level and were seen given hugs when the children requested them.

Licensing staff can recommend facility for licensing.
