General Comments
Upon arrival the children were found in the outdoor play area. Two infant children were in their play area, while the other three were inside napping. The preschool children were engaged in a variety of activities such as making food in the mud kitchen, waterplay, digging in the sandbox, throwing balls, driving tonka trucks on the ramp, building a fort and spinning on the spinning chair. When it was time to come in for lunch, proper diaper change and handwashing procedures were observed. The children's files were reviewed; all contained the required documents. The classrooms are clean and nicely organized with a variety of learning centres set up. During the visit, the educators were observed singing to and with the children and playing with them in the various outdoor activities. Everything seemed to be running smoothly during the visit.
