General Comments
<p>Monitoring visit performed.</p> <p>*I reviewed Attendance records during my visit and staff and child records are being tracked daily. Lots of staff on site for meeting ratios and covering breaks and snacks, though this facility staff take an hour for lunch and seldom break in the AM or PM.</p> <p>*Children were observed getting ready for outdoor play experiences. I noticed the gate on the lower level to exit the building now goes directly to the outdoor play space. This was a good idea, though safety was never a concern during my visits to this service but does make it easier for the children to enter the play area.</p> <p>*soft climber mats in the infant/toddler room soon need replaced or recovered as the edges are beginning to be worn making it difficult to clean and sanitize.</p> <p>*Lunch today is Tacos, Carrot sticks and milk or almond milk</p> <p>*Lots of current programming activities posted throughout the centre.</p> <p>*Centre is in the midst of meeting training requirements for July 2020. Staff have either completed 1 year ECE Certificate, enrolled in it or taking the Orientation/Curriculum 90 hour training program.</p>
