General Comments

The outdoor deck attached to the infant room was measured today and measures for two spaces. This means only two children can be on the deck at one time. This is not additional spaces to your licence.

The deck can only be used as an addition to the indoor play space for special activities such as sensory play. As per regulation, children must have outdoor time one hour for every four-hour block (weather permitting). The deck cannot be used for this outdoor time. If the deck is being used, you must always remain in ratio. This means that if one educator is outside with two infants and the other is inside with four infants the door must remain open and both educators are supervising all children.

The outdoor play space was inspected and looks great.

Everything is in compliance today; I recommend for renewal.
