General Comments
<p>Monitoring visit performed. Operator following Covid protocols. Licensing staff reviewed vaccination status of staff and all in order. Administrative records were reviewed and attendance is being tracked. Fire drill was completed yesterday and is tracked monthly - good timing! Lunch today is Chicken and Cheese Quesdillas, corn and milk. Yummy! The centre purchased felt trees with decorations this year and children decorated. In the baby room today, the babies enjoyed taking turns and decorating a tree made of Mac Tac which made it easier for the children to decorate with the sticky background. Lots of supervision observed. They did a great job! All children were observed going outdoors today. All children are dressed appropriately for the weather. The educator stated her group enjoy gross motor activities and they were into tactile activities and love to build. Love the family tree. Foam blocks - once pieces break off, it is probably a good idea to discard as it will become more difficult to clean and sanitize. This centre emails out a monthly newsletter and families are being invited to a virtually Christmas concert in December. All children observed coming inside for lunch, washing hands etc. Appropriate child guidance observed and educators observed assisting children with dressing and hands on activities. Lots of positive interaction.</p>
