<p>General Comments</p> <p>Monitoring visit performed. no compliances today. Covid guidelines are being followed and staff are masking. Continue to follow covid protocols until Operators have been directed regarding the measures being lifted on March 14. Vaccination status was also verified for new staff. Administrative records were reviewed - attendance, outdoor checklist , infant toddler sheets, fire drills etc. New staff info was also reviewed and all in order. Upon arrival children were observed coming from outdoor play, washed hands and prepared for lunch. Todays lunch was Taco pasta - a fav of the children. Children were observed eating lunch, having bottoms changed and going down for a nap. The older 3/4 year old group were also observed eating lunch and either going down for a nap, or participating in quiet time activities. Children are permitted to move from the mat and educators take the cues from children. This is March break week so the staff have many activities planned everyday. Today is Wacky Wednesday and many children participated in wacky hair and dress up. Lots of current programming posted throughout the centre. All children enjoying their day with their friends. Educators were observed engaged with children and helping children with tasks and giving them kind reminders about clean up of lunch.</p>
