

Early Learning and Childcare Facility Inspection Report

Type of Inspection:
Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

Name of operator Little Munchkins Preschool Inc.	Licence Number 2017916	Inspection Date March 12, 2024
Facility Name Little Munchkins Preschool Center 2017		Telephone Number (506) 474-1843
Address 2288 640 Route Hanwell NB E3E 2E8		
Name of Early Learning and Childcare Licensing Staff Joanne Voye Page		Position Title Quality Assurance Monitor

Order for Compliance	Regulation	Date to be corrected	Date corrected
28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act.	28(3)(a)	Mar 12, 2024	Mar 12, 2024
Comments: Deficiency is now compliant, however licensing staff recommended the papertowel dispenser be moved to the other wall so not to disturb babies from resting. Today, papertowel was observed sitting on the sink and getting wet. It was moved to a cubby location in the bathroom. Staff will need to ensure it is stored not getting wet.			

General Comments

Licensing staff reviewed administrative files during the inspection visit and all in order. Licensing staff also reviewed new staff information.

All preschool children were observed in outdoor play, eating lunch, either having a quiet time or actually napping. Educators do provide mats for the 3- and 4-year-old children at quiet time. Children are familiar with the routine and children wash hands after eating lunch and find a quiet activity and move to their designated mat and educators put on soft music. This group has been involved with community projects and other activities and this is documented and posted on the parent board. Children were observed looking at the recent programming - involved in science experiments and learning about potions. They are also learning how to recognize emotions. Cute activity using pictures and printed word.

Educators use appropriate child guidance and supervision. Educators intervene to help children make good choices to work out situations, assist children with undressing, supervise hand washing, treat children with kindness and respect, are engaged and interact with children by moving about the outdoor play space and while they are eating lunch. Educators encourage children to be independent and put things in the garbage and return lunch bag to cubby area. All children are given ample time to eat their lunch.

Children were observed making snowmen, gigantic snowballs, scooping snow, playing monsters and dragons, making concoctions with snow. Lots of implements for children to use their imagination.

This centre hosts NBCC student practicums.
