General Comments

Licensing Staff arrived at the facility to conduct a Monitoring Inspection. Upon arrival, the children in the classrooms upstairs were still napping. Downstairs in the 3/4's class, the children were engaged in a variety of activities. One Educator sat at a table doing a leaf painting craft. Others were observed playing dress up, building with blocks and drawing at a table.

Once the infants and children in the 2-year-old classroom woke up from nap time, diapers were changed and hands were washed. Proper diaper changing procedures were followed and daily information sheets were completed. The children sat at round tables for afternoon snack. The Educators sat close by offering assistance with wrappers and containers. Downstairs the children listened to "Brown Bear and Friends" on a Yoto Player as they finished eating snack.

As the children finished eating, they transitioned to free play while their peers finished eating and packed their bookbags for end of day. The indoor environment was clean, organized and bright. Large collaborative artwork was displayed in the classrooms and ties to curriculum were noted. Only positive child guidance was observed during today's Monitoring Inspection. The Educators were engaged in the children's activities throughout the afternoon.
