### General Comments

Monitoring visit performed. The preschool program was not operating this AM. ASP operates 5 days a week in the PM so there were no children on site during my visit today.  
While on site, licensing staff checked attendance records and vaccination status for educators that work in the preschool/ ASP and due to PH notifying Operator of a positive case, some children and staff are currently fulfilling requirements of 14 day isolation. For follow up, please email update that we discussed during my visit.
