Comments: Deficiency is now compliant			

General Comments
<p>Monitoring visit performed and staff were observed wearing masks including the school age children. Administrative records were reviewed and attendance, Fire Drill and outdoor checklist was reviewed. A fire drill was not completed in February. These must be documented on a monthly basis.</p> <p>Staff vaccination status was verified also.</p> <p>Children were observed outdoors earlier before lunch. Upon arrival, both groups were enjoying some quiet activities and the plan is to go outside again this afternoon. It is a great day for outdoor play.</p> <p>upon arrival I observed children reading, coloring, playing lego, playing house etc.</p> <p>Please ensure new staff have an orientation so they are familiar with the staff responsibilities and what to do when children leave the centre sick. They need to know the forms that are required to be filled out. The administrator showed the new staff how to do this during my visit. Also Return after Exclusion forms are considered confidential forms and should not be posted in a visible area. Please ask parents to sign them promptly and file in the child file accordingly..</p>
