General Comments

Monitoring visit performed. no compliances to address. Educators had a busy morning with the Monkey Cakes baker for an outside presentation.
Covid visitor log sheet is on site.
Upon arrival all children from both facilities were listening to a presentation from the Baker of Monkey Cakes. The children were enjoying the presentation. The Baker was very engaging. The Baker left the children cupcakes. After that, the under 2's enjoyed outdoor play time.
Lovely percola with a wooden deck is new since my last visit and provides ample shade for spring, summer and fall. There are lots of age appropriate toys in the outdoor playspace with pea gravel being used as the principal surface. Supervision is appropriate and required as this age groups puts everything in their mouth. I did mention that pea gravel could be placed around the small slides and another mat surface used for children that aren't mobile.
Educators are engaged in children's play and lots of interaction, and conversation observed and singing the children while having their diapers changed before lunch. Staff observed heating up lunches and helping children with eating and allowing children to feed themselves. Staff also talked to the children about numbers (when counting leaves) and colors.
Lovely art work posted.
Administrative records were also reviewed and staff information. Everything is being documented regularly and fire drills are performed.
