<p><b>General Comments</b></p> <p>Changes to environments since last monitoring inspection evident. Additions to learning centres in each room have created a more inviting and engaging environment for the children and provide a variety of opportunities for creative play and learning.</p> <p>The CAT pages 10-11 (Valuing Environments) can further support you in creating engaging environments.</p> <p>Preschool/ School age room- recommendation to bring some documentation lower so that it is at children's eye level. This provides opportunities for children to revisit past experiences and can extend and expand their learning.</p> <p>3 year old room- Recommendation to have a shelf or cart with bins for kitchen food and dishes so that they are easily accessible.</p>
