General Comments
<p>On the day of my visit the program was functioning very well. All Covid protocols are being followed properly and I was screened upon entry. The centre is calm, clean and organized and the environment acts as the third teacher. The teachers are very engaged with the children and everyone is very kind and patient with each other.</p> <p>During the circle time Jill read a story to the children and everyone asking questions and had thoughtful observations to add to the experience. After that the children went outside for outside play.</p>
