<p><b>General Comments</b></p> <p>Children were observed getting ready for outside. Ample time was given for children to independently dress themselves while educators were near by to help. The children went out in three small groups and children who required additional time to get ready were given the time and went out in the last group.</p> <p>The outdoor play space was well maintained and the fence is in good repair with a well-latching gate. Different sized tree cookies and large stumps for sitting have been added to the space. Additional materials such as wheel barrows, shovels, and buckets were accessible.</p> <p>At all times during the monitoring inspection, child guidance was positive and encouraging. Reminders were given in a kind and respectful voice.</p> <p>The indoor space was very clean and educators worked as a team to ensure tables are wiped before eating and the entrance way was swept and mopped after the children came inside.</p> <p>Paper snowflakes created by the children were displayed in the front windows and materials were set out to invite children to create a winter tree with crayons, blue paper and white paint. Other loose parts such as thread, buttons, stickers, beads, glue and stencils were displayed in small bowls and containers to invite children to create.</p>
