General Comments

Licensing Staff Lindsay Lewis and Dominique Boudreau arrived at the facility to perform a Monitoring Inspection. Upon arrival the children were engaged in a variety of activities. Several new children have recently joined the facility. Transition and activity times have been adjusted to accommodate the new school year.

In one classroom, the Educator was observed sitting with a child as they used the movable alphabet to practice spelling. In another classroom the children were engaged in practical life lessons that focused on pouring and scooping. The Educator announced it was time to clean up for circle time before the children gathered together to sing a welcoming song. The children did a group activity where they passed a bell around the circle before the children prepared to go outside. Once outside, the children were seen balancing on a large wooden beam, making food in the play kitchen area and jumping from one wooden stump to another.

Only positive child guidance was observed during today's Monitoring Inspection. The Educators spoke kindly to the children and were patient as they encouraged their independence. Attendance records are being filled out properly and the posting board contained all required documents.
