General Comments

Operator is following Covid-19 and Communicable illness guidelines for exclusion. The filing system is meticulous and it is easy to verify requirements of regulations.

Operator engages with children and attends to their needs first. She listens attentively and redirects when necessary.

Children have a variety of toys and materials available to them. There are learning centres set up both in the outdoor play and indoor play area. Webbing is being used to pre-plan and Operator is documenting children's learning.

Due to covid-19 operator is currently not transporting children. However, when permission is granted again Operator will take children on field trips and has obtained proper coverage from the insurance agent.
