Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

The operator constantly engages with the children in play and conversation.  
There is a variety of materials for the children to learn and explore with.  
The operator promotes independence and encourages the children to problem solve before offering assistance to the children.  
During the visit the children were engaged in puzzles and a card game, to help learn their numbers.  
Every Wednesday the children go to the park for "Wednesday workout" in which the children partake in stretches and different exercises. The children role a large dice and depending on the number it lands on there is a particular activity the children have to do.  
During the walks to and from the park the operator is very attentive to the children making sure they look both ways before crossing the street.  
The children are very familiar with the daily routine and seem comfortable in the environment.
