General Comments
<p>On the day of my visit the facility was operating very well. The infants were out for a walk and the preschool children were finishing up snack and getting ready for outdoor playtime. The two year old group played in the outdoor play space and the preschool group went for a walk to the park.</p> <p>A couple changes have been completed in the new infant area which has improved that daily flow of the room and the facility.</p> <p>There are numerous examples of the children's work and learning stories are posted throughout the centre.</p> <p>The operator plans on building a permanent shade structure this summer for the outdoor play space.</p>
