General Comments

The center was running smoothly on the morning of my visit. There are numerous examples of the children's artwork and learning stories posted on the walls and windows of the facility. The educators are kind and calm with the children and communicate effectively with each other. There is a crack in the floor at the entrance. Operator has reported this issue to landlord and is waiting for it to be repaired. The diaper change table in the two's washroom is very wobbly as the screws are stripped. This item needs to be replaced. Fire drills have not been completed the past two months. Fire drills need to be completed on a monthly basis. Staff were friendly and accommodating during the visit.
