<p><b>General Comments</b></p> <p>Upon arrival the children were going out to the outdoor play space. The outdoor play space has many learning centres and materials in it. The centres included but not exclusive to gross motor, dramatic play, blocks, sand, art, and manipulatives. The outdoor play space was calm and the staff were engaged with the children in their play. The educators advised licensing staff that in the summer they used the planter boxes to grow bean and carrots.</p> <p>The educators are documenting the children's learning by making learning stories, charting, and displaying the children's work. It is evident throughout the facility.</p> <p>Please ensure that the learning centres in the classrooms are well defined. It is suggested that you have 5 with a variety of materials in each centre.</p> <p>The filing system is very organized and was easily verified by licensing staff.</p> <p>Please be aware that the notices to inform parents must be kept on file for a year.</p> <p>The full first aid kit with all required products and emergency contacts must accompany the educators on all walks or excursions off site as discussed.</p> <p>Licensing staff can recommend facility for licensing pending a current fire inspection.</p>
