Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

The center was running smoothly during my visit. The educators communicate well with each other. The NB Curriculum is being followed as shown by the children's artwork and learning stories posted on the walls. Webbing and purposely planned activities are also evident throughout the facility. Staff are kind and gentle with the children and are attentive to their needs. The children interact well together and are familiar with their daily routine.
