Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>A Monitoring Inspection was completed this afternoon. The Afterschool Children were observed during outside play. Children were observed taking part in several activities - Checkers on the front deck, making snow / slush creations (cakes, cupcakes, etc.), playing in the woods, playing basketball, drawing, and playing Pokémon. Children were excited to tell QAM about their snow cake sales, and how they have been donating their sales money, to local fundraising initiatives. Positive child guidance techniques were observed – operator using positive language, respecting children's feelings, offering children the opportunity for new activities, and conversing with the children.</p> <p>Classroom Observation - In the garage, the daily question of the day was observed on the white board. Lego creations were observed on the stairway shelf. Downstairs, several well-defined learning areas were observed, some of which included a cozy reading area, an arts and crafts area, a puzzle / science area, and a dramatic play area. Children's interests were evident – a homemade drive thru was observed, documentation surrounding gas stations and everything they offered, and a questionnaire about animals. Several pieces of children's artwork were also observed.</p>
