10(1) The number of educators that are required for a group of children of mixed ages receiving services at a full-time or part-time early learning and childcare centre is calculated as follows: (a) by multiplying the number of children of the same age by the corresponding factor set out in Schedule A; and (b) by adding the results obtained under paragraph (a).	10(1)	Nov 05, 2021	Nov 05, 2021
Comments: Upon arrival 20 children outside with 1 educator. Shortly after my arrival, the second staff arrived and I explained that ratios must be maintained during all hours of operation. This was corrected during my visit.			
28(3) The premises of a licensed facility shall comply with (a) lighting, ventilation and other general health standards under the Public Health Act.	28(3)(a)	Nov 05, 2021	Nov 05, 2021
Comments: Deficiency is now compliant			

General Comments
<p>Monitoring follow up visit performed from visit performed on October 15th. Today during my visit, children were directed to wash hands prior to eating lunch. Upon arrival children were outdoors. One staff was observed with 20 school age children. Please read comment above regarding supervision and maintaining ratios.</p> <p>I made some suggestions to the educators that during the strike and if the strike continues into next week that they build into the daily routine a quiet time in the AM and PM for children to have time to work on school work or to have time to read or the educator could also read to the children. It is not the educators responsibility to teach the children. This facility has been spending a lot of outdoor time which provides children with opportunities to be active. During my visit the educator followed my suggestion and asked children after lunch to spend some time completing school work or reading.</p>
