Comments: One child was ill in the nursery and remained with the children awaiting parent pick-up. Children who are ill are to be separated from other children to prevent the spread of possible infection.			

General Comments
<p>Due to the cold temperature and wind chill, the children went to the gym to play this morning instead of going outside. The gym has a corner set up with mats for quieter play and then balls, ride-on toys and ribbons for active play. The children enjoyed running, kicking and throwing balls and going on the ride-on toys. I observed positive guidance from the educators, redirecting children as needed. The educators were engaged with the children and responding to their requests.</p> <p>Please update your postings to reflect the current Quality Assurance Monitor and Inspector.</p>
