General Comments

There is evidence of a pre-planned and documented program based on children's interests. Please continue to build on the curriculum and understand that the pre-planned program and documentation is required on a continuous basis. Also, please be advised that learning centres are required to meet the expectations of the curriculum and you must continue to provide a variety of experiences for the children as you are currently.

A monthly review and maintenance plan is being conducted on outdoor play space. Fire drill are also being conducted and documented as they occur.
