<p>General Comments</p> <p>When licensing staff arrived some groups and educators were having outdoor play time before the rain started. Through out the morning, all groups had a chance to play outdoors.</p> <p>Files and administrative records were reviewed and all in order. Operator has worked hard to keep all files organized which allows for easy verification.</p> <p>The classrooms are bright and clean, however more learning centres need to be organized with the materials. It is important to also prepare the outdoor environment to engage the children and be reflective of the curriculum.</p> <p>Please refer to the manufacturer's instructions for the two green swings to ensure they are permitted for commercial use.</p> <p>Please rake pea gravel to ensure the correct depth is around the stationary equipment. It is recommended that this equipment is not used until this is corrected.</p>
