12(3) An operator of a licensed facility shall ensure that a criminal record check or a vulnerable sector check, as the case may, and a check with the Department of Social Development is conducted on each staff member and associated person at least every five years. Comments: As 5 years have passed, the Operator requires a current criminal record and vulnerable sector check. There was a staff who requires a current social development check. <p>General Comments</p> <p>I have seen many improvements in the physical environment of both the inside and outdoor play spaces. There are many materials and learning centres available to the children. Educators are using learning centres, folders, and pictures to document the children's learning.</p> <p>The outdoor play space now has a space that includes a mound of sand, art easles, different types of surfacing to promote play including blocks of cement, pea gravel, sand, and wooden surfaces. There are materials to complement each learning centre provided.</p> <p>All documentation was easlily verified and the Operator immediately started collecting any information that was outdated for staff files.</p>
