General Comments
Educators are now documenting a plan for school age children.
Educators were more aware of the children's location at time of visit. Educators were engaged with children in each room.
Learning centres and more choice must be set up in the school age room on a daily basis and made accessible to the children. The space should be set up daily and prepared for the children for when they arrive at the facility as licensing staff discussed with operator at time of visit.
Licensing staff to return for a follow-up in 2 weeks.
