Name of Early Learning and Childcare Licensing Staff Troy Williams		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Planned programming and documentation is evident in the center. There are binders filled with learning stories and pictures of various activities and fieldtrips the children have participated in. When licencing staff arrived, the children were engaged in a variety of activities such as crafts, puzzles, card games, sensory bins as well as activities in the gym area. The educators have also created a dally activity corner for the children to create art with. Today's activity has hearts, stickers, google eyes and other materials that the children could create a "heart face" with. After snack time the children went outside. Once again, the children participated in activities such as sliding, digging for gems in the snowbanks and building forts in the snow. The educators were actively involved in the children's activities. There appears to be a respectful relationship between both, the children and the educators.
