General Comments
<p>Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the group was playing outside. The children were seen swinging in the tire swing, throwing a frisbee, digging in the sandbox and playing ball. An Educator brought a Tuff Tray outside with paint, paper, foam shapes and Q-tips and wipes. Once the rain started, the group cleaned up and transitioned inside for afternoon snack. Hands were washed as the children came inside.</p> <p>The group had low numbers today so one Educator was inside cleaning tables for snack and preparing activities for the afternoon. As the children finished snack, one Educator went to the gym to play football with a small group and others were observed making creations with sponges. The Educators set up multiple tuff trays with activities which kept the children engaged. The flow of the afternoon was calm and smooth.</p> <p>During today's Monitoring Inspection the Educators were actively engaged with the children throughout the visit. It is evident the Educators are following the interest of the children and have pre planned activities ready for when the children arrive. Positive child guidance was observed, Educators were seen offering hugs and words of encouragement. The daily schedule and allergies are posted. Educators were observed signing children in as they arrived, and the attendance records matched the number of children that were present.</p>
