### General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the children were outside playing. The Educators were well spread out to ensure proper supervision. A small group of children were observed playing baseball while others played in the sandbox and took turns on a tire swing.

The transition back inside was smooth. Children lined up beside the building and a head count was observed before going in. Once inside, the children got their indoor shoes on and washed hands for afternoon snack. As the children finished snack, they were observed making bracelets, playing with Pokeman cards and working on a large puzzle. One Educator brought a group of children into the gym area to play hockey. The group sat together to go over the rules and expectations before starting the game.

Staff files and child profiles were reviewed during today's Monitoring Inspection. Files were organized and contained all required documents. The classroom offers a variety a material for the children such as puzzles, Lego, wooden blocks and crafting materials. Pictures of the children engaged in activities with peers were posted in the classroom.
