General Comments
The educators have worked hard the last couple of weeks to clean and organize the center. The deficiencies from the last visit have been corrected.

General Comments

Today's visit I noticed the diaper changing pads need to be replaced and one toilet needs to have the tank cover replaced.

I spoke to the Administrator about have a Professional Development session with Wanda titled the "Importance of Environment" . I think this would help the preschool center with some challenges that have been observed during visits.

The Educators are friendly and the children seemed content during my visit.
