33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions. Comments:	33(2)	May 13, 2022	

General Comments
<p>On the morning of my visit the children were having snack. There were 3 new educators since my last visit. I reviewed the new staff files. All were in proper order.</p> <p>After snack the children got ready for outdoor play time. The infants went for a walk around the mall, while the preschool aged children enjoyed the playground.</p> <p>I inspected the playground during my visit. I noticed a broken board on the sandbox and missing and broken boards on the outside of the wire fence. These need to be repaired. More protective surface needs to be added to the play ground as the current surface is packed down and not adequate.</p> <p>Reviewed licensing guidelines for outdoor play space. The number of children able to play safely at one time. Six children in the infants play area and 36 in the preschool playground. Also reviewed number of spaces each room is licensed for with the administrator.</p>
