General Comments

Monitoring inspection performed. No compliances during this visit.
Covid guidelines are being followed, daily log sheets completed and screening of visitors is taking place.
This facility continues to check temperatures. Centre is clean and inviting.
Children have been enjoying a fun morning. This is March break for this small group of school age children.
Today is "All About Me" Day. When I arrived they were doing a show and tell about one of their favorite toys.
This week programming involves a Pokémon day, a Mario Day, a Science Day. Today they also made a book about themselves. I observed children washing hands before eating lunch. The educators have a surprise treat for the children and in the afternoon children will be going outdoors as the temperature has warmed up.
I checked administrative records and this is being recorded. After discussion with the Educator, I recommended that they document the real time to exit the building for fire drills in the comment section, but the evacuation time you could state on the record sheet what that time entails or vice versa - whatever is easier for you. TY
Reviewed staff records during my visit and all in order.
