Address Unit 101 281 Restigouche Road Oromocto NB E2V 2H2			
Name of Early Learning and Childcare Licensing Staff Nancy Glendenning		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Upon arrival the children were playing outside. Licensing staff first noticed an ambulance. One of the parent(s) who is an EMT was visiting the facility on their day off to show the children the inside and outside of the ambulance. The children were very engaged and interested in the vehicle.

There has been a lot of work completed in the outdoor play area and the Operator explained that she is continuing to enhance the space with new materials and learning centres. Currently there is a climbing dome, an area for soccer, Art, a kitchen, a wooden stage, and a garden to name a few areas of interest. Educators are continually engaged with the children. The educators were seen having conversations and giving gentle reminders when needed. Only positive child guidance was seen at time of inspection.

The indoor play environment is set up with a large dramatic play area that has dress up clothes, a kitchen and a variety of materials to complement the area. There was also an area for trains and cars, books, lego, basketball, games and puzzles.

The educators have a detailed preplanned program in place and utilize a calendar and a list of activities to be prepared for the children's day. The educators utilize the splash pads and parks that are close by but also have extra activities planned for when they are needed. They will add materials to the environment and activities based on the children's interests,

The documentation for licensing was easily verified by licensing staff. It is organized and complete.

I can now recommend facility for licensing.
